I have been using Nichols Plumbing for over 20 years. And for 20 years they have always been dependable and fairly priced.

Ms. Mary Capuzzi from Newtown Square

[Nichols Plumbing, Heating & Cooling] are small enough of a company to know me when I call yet knowledgeable enough to take care of any of my plumbing, heating or air conditioning needs.

Dave Young from Newtown Square

When we call for an estimate it is always the owner that comes to see us, not a high priced commission sales person. I have always been happy with the quality of their work.

First Presbyterian Church of Philadelphia

We have used Nichols for over 25 years for all our heating and plumbing needs. We could not ask for a more honest and respectful company.
